FINANCIAL OBLIGATION AGREEMENT School Year 2017-2018

Substantial improvements have been made to tuition process. These changes will help streamline this component of registration and ensure that all the requirements are met. Please read carefully. If you have any questions, please do not hesitate to ask.

The Cheder administration prides itself in working to help families to manage the costs of tuition and ensuring that every child can have access to a Jewish education at the Cheder. We have therefore contracted with a service called FAST, a third party agency that assists thousands of schools across the USA to determine the need and level of scholarship.

Upon completion of the registration forms, please check off one of the following options:

- I will pay my tuition obligation and relevant fees in full
- I am enrolled in a scholarship/assistance program which satisfies part or all of my tuition obligation. (This will be verified by the financial office before registration is completed. If your obligation is not satisfied, you will be contacted.)
- I am requesting financial aid for my tuition obligation. (Upon completion of your registration forms, you will receive an email confirmation. It will contain a link to the FAST website to apply for financial aid. Upon submission of the application, you will receive a final number which will be your tuition obligation for the year. FAST charges a small fee for the application process which is to be paid by the applicant.)

Please select one of the following payment methods:

- at registration
- on a monthly schedule over 10 months
